—  
**Mission:**

**Providing a platform for  
Employees & Employers to  
meet**

**Vision:**

**To provide the whole  
Indian Workforce with  
Sense Of Security**

# The Problem

The Typical Indian worker doesn't have job security or personal security and can be tricked into slave labour

# The Solution

To Give The workers a platform  
to showcase their Skills and  
Connect them to the  
Employers and follow up with  
the employees all the time

---

# Why us?

We Provide  
transparent financial  
Model for employers  
and employees.

Provide economical  
stability and thereby  
eliminate trafficking.

Provide hassle free  
service for the  
employers.

# How Does it works

## Step 1

Register The NGO and  
verify

## Step 2

The NGO will register the  
workers on the portal  
with there unique  
Registration Number

## Step 3

The Employers are  
registered and verified.  
The workers and the  
employers are connected  
using the platform

A hand in a dark suit sleeve is adjusting a white slider on a mixing console. The background is blurred with bokeh lights in shades of green, blue, and red. A semi-transparent dark grey box contains white text.

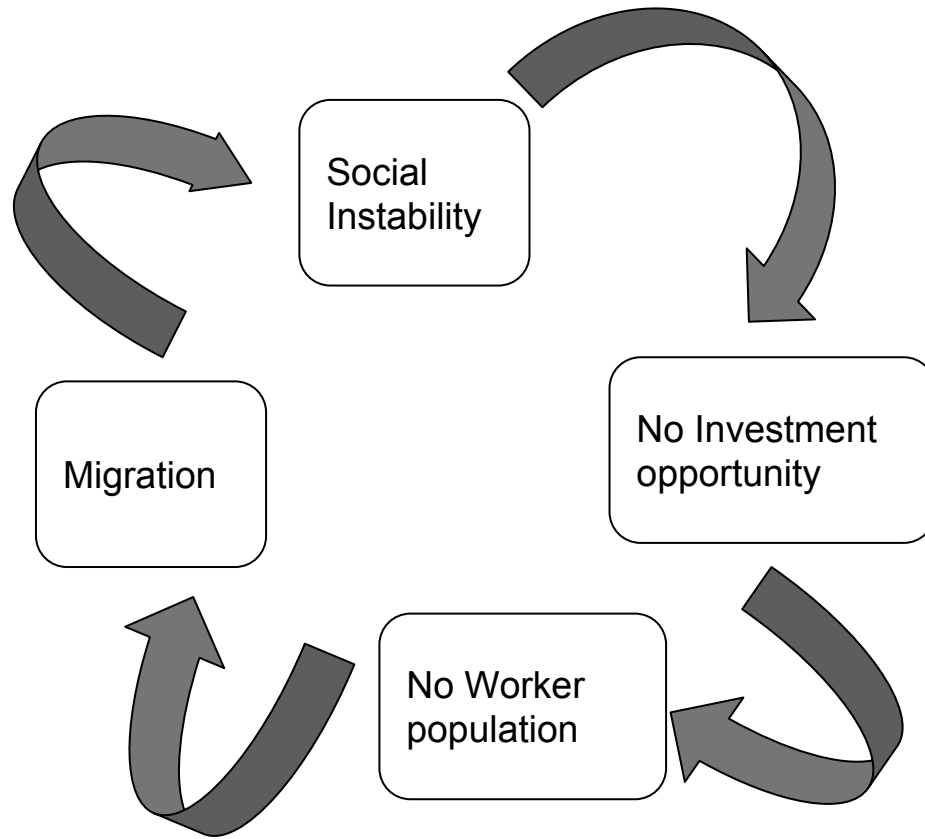

# The Technology

**Existing Technology:**

Web App

**Future Technology:**

Integrate USSD and IVR into the  
existing technology

# Sustainability

## Commission Based Model

### A Predetermined Time Sensitive

Our Organisation will receive commission If the worker completes at least One-Third of the total contract time
